

UV RESISTANT TAPE

UV Resistant Tape "UVT-50"

Very Strong Against Sunshine

3-times performance of Weather Resistance compared with our previous product.

*according to the actual measurement by our internal test.

Point
Best choice to cover the exposed insulation!

Same UV resistant performance as our New UV Resistant P.E. insulated copper tube.

Point
Tight fitting!

UVT-50 UV RESISTANT TAPE

If without any protection, normal insulation will rag against sunshine UV rays. That damaged insulation will cause condensation problem or poor performance of AC.
